

# STRØMFORSYNING ELG CV 24V

## 150W IP67 MEANWELL

MeanWell ELG strømforsyning. Konstant spenning 24VDC. Ikke dimbar. IP67.

|                            |                                                                                                                                                                                                                                                                                                                                                                  |
